

OMUP ENTERPRISES, LLC

Integrated Facilities & Base Operations Support

Reliable Execution • Mission-Focused Operations • Scalable Support

Company Overview

OMUP Enterprises, LLC is an integrated facilities and operations support company providing mission-focused services to federal, state, commercial, institutional, and residential customers. Founded in 2005, OMUP supports the facilities, systems, infrastructure, personnel, and operational requirements necessary to maintain safe, compliant, reliable, and continuously operating environments.

Our scalable operating model combines OMUP program management, self-performed technical capabilities, qualified personnel, and strategic trade partners under centralized accountability for quality, safety, scheduling, performance, and customer communication.
